### ***DETAILED ACTION***

Claims 1 – 12 have been cancelled. Therefore, claims 13 and 14 are currently pending in this application.

#### ***Information Disclosure Statement***

Applicant's Information Disclosure Statements, filed on 14 April 2004 has been considered. Please refer to Applicant's copies of the 1449 submitted herewith.

#### ***Priority***

This application is a DIV of US Application No. 10/275,829 now allowed, which is a national-phase application of PCT Patent Application No. PCT/EP01/04899 filed on 02 May 2001.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Claims 13 and 14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 13, line 4, recites “R<sup>4</sup> is as defined in Claim 13”. There is no definition of R<sup>4</sup> in claim 13 and therefore claim 13 is indefinite. If Applicant is intending to use the definition of R<sup>4</sup> as shown on the Table in claim 14, then Applicants need to include this Table in claim 13.
